

Anne Samson: Picture "Sea of roses" (2023)

€1,350.00

Super! Roses in abundance, in all possible shades of red, full-sized and lush. A bit of pop art, a bit of impressionism and expressionism, all in all a very positive picture that conveys a beautiful atmosphere and is fun to look at. Also suitable as a gift because, as we all know, roses are symbols of love.
