

Anja Struck: Picture "proud and beautiful" (2014)

€2,900.00

This picture shows a lively, energetic scenario. The abstract background is reminiscent of a dense wall of leaves, the sunlight makes its way through. On the skin of the young woman in the foreground, the sun shows in large patterned areas. The blur allows the viewer to experience the movement in the image. Through the depiction of light and shadow in strong contrasts and the choice of bright warm tones, the viewer feels the sunlight and the warmth on their own skin.
