

Karin Döring: Picture "TINA!" (2023)

€2,800.00

Icon, world star, diva and "Queen of Rock 'n' Roll" - TINA TURNER Tina Turner lived her songs: love, sadness, joy, energy. I was able to experience Tina Turner live at a concert in Munich and will never forget her presence and the force of her energy and the fullness of her life. Soul, voice and body were one that evening. The painting conveys my deep admiration for Tina Turner. Tina Turner was an American singer and actress. When she became Swiss in 2013, she gave up her US citizenship. Tina Turner was born on November 26, 1939, in Brownsville, Tennessee, United States and died on May 24, 2023, Küsnacht, Switzerland. The painting TINA! is painted with my HUMAN STRIPES® technique, which is protected by the German trademark and patent office.
