

Kerstin Forster: Picture "Spring fever (2)" (2023)

€670.00

This expressive mixed media work on 300g watercolor cardboard tells of the beginning of spring and a slowly greening landscape. On the right of the picture you can see a tree trunk painted with bold brush strokes. In the background on the left delicate pink buds, which shine from afar. Everything immersed in a cheerful mood light of spring. The special feature of this work is the picture-in-picture motif. The edge was painted first and then the actual motif worked out. Thus, an iridescent impression of two levels.
