

## **Peter Stahr: Picture "Open Mind" (2022)**

**€2,200.00**

A view of the Wadden Sea from the beach creates a special atmosphere with a special expanse. I have tried to create this special vastness of the seascape with the help of texture mixed with sand and multi-layered shades of blue and violet. For me, the atmosphere of the picture expresses an open mind. Hence the title "Open Mind". The picture was exhibited in solo exhibitions in Göttingen and Bad Hersfeld in 2023 and at the ARTe Kunstmesse in Constance in 2024. It has a glazed shadow gap frame made of wood, which remains in the background due to the medium gray tone and the frame height and does not restrict the vastness of the landscape. Of course, you can also purchase the picture without a frame at a lower price. In addition, the sides of the picture are painted so that it can be hung without a frame. The picture is signed on the front and back and is ready to hang. The picture surface has a varnish coating with UV protection.
