

BIGUI: Picture "Power of nature No. 2" (2020)

€5,350.00

The artist enjoys the moments - feeling the tropical lushness and the power that springs from it for her. To capture this on canvas is an inspiration and the soul comes to rest. The two paintings were stretched on a 3.5 cm deep gallery stretcher and can be hung without additional frame, because the sides of the picture were painted.
