

Bea Schubert: Picture "Viva La Vida No.16" (2022)

Viva la Vida No.16 is a 120 cm W x 90 cm x 2 cm deep mixed media painting. The series is called "Viva la Vida". "Viva la Vida" is inspired by Coldplay's song. The British rock band took the title from Frida Kahlo's painting of the same name. My painting is a pop art painting full of joie de vivre and happiness. It is painted mainly with neon color. This expressive artwork is ready to hang, the sides are painted. Thus, framing is not absolutely necessary. The signature can be found on the front - and back. Enjoy the joyful radiance of this image!
