

## Anne Samson: Picture "Luck" (2023)

€1,500.00

Happiness is a summer meadow. That's what I thought when my picture was finished. After all, the abstract composition is reminiscent of flowers and blossoms. It's wonderfully bright and cheerful. Red and yellow, green and purple are the main colors. The background in subtle gray does not compete with the colorful motif, but allows the colors to come into their own particularly well.
