

## Birgit Horn: Picture "FEMINISM 2" (2022)

€3,800.00

The lively portrait of a young woman laughing heartily exudes an atmosphere of joy and self-confidence. She takes a seat in a yellow armchair, her miniskirt and cigar emphasizing her air of independence. A beam of light directed at the woman draws the viewer's attention. The traditional painting in the background appears as a contrast to the woman's modern presence.
