

Julia Pasinski: Picture "On the Hallig" (2022)

€1,200.00

The picture shows a farm track on the picturesque Hallig Oland in a fascinating frog perspective. The path stretches seemingly endlessly into the distance, flanked by wild grasses swaying in the wind, seducing the eye in soft shades of green. From this deep perspective, the viewer gets a sense of the vastness and pristine nature of the landscape. Above it all stretches the sky, bathed in soft orange hues that herald the onset of evening. This warm orange contrasts beautifully with the cooler greens of the grass, creating an atmosphere of calm and contemplation. The angle of view, coupled with the play of color between the sky and the earth, gives the image an intense depth and makes the viewer feel like they are part of this breathtaking landscape themselves. The painting is signed on the front and back. On the back it is also dated.
