

Anne Samson: Picture "Retro still life" (2022)

€1,280.00

The title refers especially to the colors, but also to the shapes. The composition is strongly reminiscent of the 80s. It fits great with the currently modern Nordic style. The bright flowers, stylized and two-dimensional, in beautiful yellow tones stand out especially well against the gray background. They look almost as if they were made of glass. So does the colorful vase in strict cylindrical shape. A fancy PICTURE!
