

## Anne Samson: Picture "My number 1" (2023)

**€1,400.00**

"My number one" is my favorite picture at the moment. It belongs together with "My number one/2". Abstract, colorful, expressive, deep, happy, cheerful, full of positive energy. The picture should please the viewer, put him in a good mood. Bright red, yellow, white, a little lavender - a successful color composition, which results from the patient in /, juxtaposition and overlapping of the colored areas. Wonderful!
