

Mila Weis: Picture "Water Lilies In The Moonlight" (2023)

€2,500.00

In creating this artwork, I have fused the wild emotion and freedom of expressionism with the gentleness and contemplation of water lilies under moonlight. My acrylic paints dance across the canvas, deliberately adding energy and life to each sweep. It's about inviting the viewer into a nocturnal reflection of nature that soothes the soul while stimulating the mind. In this painting, you will feel a quiet dynamism that radiates calm and vitality in your space.
