

## Mo Fontaine: Picture "Agile koi" (2022)

**€6,200.00**

This large-format painting from the series Koimania is closely related to the Zen Buddhist world of thought: Everything chaotic, secondary, unimportant has been eliminated, so that the "Figura" - lifted entirely out of its context and cut off from everything superfluous (Kire) - comes to a kind of essence. In the Asian world, koi are considered metaphors for happiness and wealth. They are an expression of the flowing qi, but also of the fleetingness of all being.
