

Ute Meyer: Picture "At the pond in January I" (2024)

€750.00

On a frosty January day, I painted the view from my window onto the frozen pond. The bright red of the rose hips creates an attractive contrast to the gray ice, while the snow-covered foreground and the reflective play of light on the ice emphasize the wintry mood. A delicate rose branch protruding into the picture brings additional dynamism to the picture and contrasts with the paving stones in rich brown tones. The picture is securely hung by a steel cable and my signature is on the front.
