Picture "Regatta I" (2024)

€700.00

The work "Regatta I" in the style of contemporary art is a unique piece. The sail painting shows a section of a regatta scene, with the incorporated sailcloth and the combination of printed and painted elements creating a dynamic and texturally rich surface. The color scheme in various shades of blue with the color yellow lends the work harmony and calm. The work is a unique piece on canvas, painted with high-quality acrylic paints, dated and signed on the side of the stretcher frame by the artist.
