

Irina Laube: Picture "Walk on the North Sea beach" (2023)

The ideas and inspirations for my work I take from nature with its various facets. The process of image creation is based on deliberate coincidence and exact further development. The focus of my work are the colors, structures and shapes that I want to implement with the different techniques in a certain harmony. Not to reveal too much, not to imitate, which also means not to dictate. A landscape in blue - green. The sides of the picture are painted, finally the varnish with UV protection. The picture is signed on the front and signed and dated on the back.
