

Susann Ohlendorf: Picture "La Mer Mystique" (2011)

€2,900.00

Rarely has an artist captured the magic of light, wind and waves so gripping and at the same time so poetic on canvas as Susann Ohlendorf with La Mer Mystique. We are immersed in the eternal and almost abstract play of the elements and yet fascinated by the spirit and precision of the representation. So free, transparent and nuanced one can only see with the heart. A masterpiece...
Oil/Structura on canvas | stretched on stretcher.
