

Gary Westall: Picture "Externsteine II" (2024)

€580.00

This was my second trip to the Externsteine in Bad Meinberg. A beautiful place to which I will certainly return to paint again. Painted plein air. The Externsteine - a striking rock formation towering some 40 meters high in the Wiembecke valley near Horn-Bad Meinberg in Lippe - are among the most famous natural and cultural monuments in Germany. Signed lower right. Oil on linen laminated on HDF - 24 x 30 cm.
