

## Birgit Horn: Picture "FEMINISM 3" (2021)

**€3,800.00**

"Feminism 3" shows a self-confident young woman in a miniskirt and with a cigar, sitting on a red armchair, looking straight ahead at the viewer. Behind her is a painting with a plant motif on a gray wall, real plant leaves break out from behind the frame. A fluffy toy jumps in front of the person's shoes. An oblique beam of light emphasizes her presence. The picture embodies self-determination and plays with symbols: the cigar as a sign of freedom, the plants emerging from behind the frame for growth, the flummi as a symbol of movement.
