

Anja Struck: Picture "near 4" (2017)

€2,900.00

Two cheerful fun-loving elderly ladies sitting on a bench. The motif occupies almost the entire space of the picture. The background looks bright and warm due to the color scheme of light yellow and light blue. Since the ladies are wearing caps and jackets, it can be assumed that they are sitting outside. The ladies are dressed in bright, but not garish, colors from green to orange to yellow. I painted them with a loose brushstroke to bring out the positive attitude to life of the two ladies. The cheerfulness in this picture jumps immediately to the viewer.
