

Sabine Schramm: Picture "Tulips | Red Tulips (Plant no. 230301)" (2023)

€690.00

The flowers in her garden mean a lot to the artist - especially tulips and hydrangeas, but also rhododendrons, irises and the first flowers of spring are a constant source of inspiration for her paintings. Each work is created either directly in her garden or from her strong visual and emotional memories, and her associated impressions are as integral to the painting as the shapes, colors, and especially the light. You will receive the painting already framed in a high quality black lacquered wood shadow gap frame.
