

Michael Bajer: Picture "Water and mountains" (2021)

€3,100.00

A beautiful mountain view with lakes and striking cloud formation. Depicted in Disrupted style and deliberately slightly disrupted. Nevertheless, the beauty of the landscape should be shown. Disrupted Realism is about having the courage to change the lovely landscape, to disrupt it and thereby depict it in a contemporary way. The reasons for this are many, such as a distracted world, but also the fusion of the parts of the image through various effects.
