

Elisaveta Sivas: Sculpture "CREATOR D (Delta): Know Thyself!" (2024)

€500.00

"Know thyself and you shall know the Universe and the Gods," is the Ancient Greek aphorism. Why is it so important to know Thyself? To realise that you, me, we are all one Creator? Because when we know it, we stop to live like a victim. We take responsibility for each moment of our life. We do not create suffering anymore, we do not fall into depression, resentment, guilt, loneliness etc. A person who has realized that s/he is Creator creates a beautiful world instead of the chaos and suffering which is created by the Ego-mind. Peace in every head and heart means peace on Earth. This sculpture in your place will remind you each and every moment that you are the Creator of your life! Clay bust. Authenticity certificate is included. Signed inside. Unique handmade artwork.
