

Toni Nohe: Picture "Unsent love letters" (2023)

€2,100.00

The painting "Unsent Love Letters" from the series "Life is Beautiful" calmly celebrates platonic love and unfulfilled dreams. The poetry of longing unfolds between the gentle brushstrokes and subtle nuances of colour, an invitation to keep unrealized dreams alive. This subtle invitation calls us not only to look at the painting, but also to be inspired to take action and pursue our own dreams.
