

Anja Struck: Picture "silent together" (2019)

€2,300.00

Two people - are they in conversation with each other? They are standing on a rocky hillside - below them the sea. The sky above the sea yellow-orange. Sunset. The left person can be seen from behind. Her gaze is in the direction of the sea. Is she listening? Is she in conversation? Is she dreaming or just enjoying the evening atmosphere? The person to her right is facing her. She looks at her. Much remains open. The viewer is asked to interpret the situation. It is an intimate togetherness of the two people. The mood of the picture conveys a special depth that touches. A "silent together" of the two people depicted, a "silent together" also between the image and the viewer.
