

Uli Fischer Art: Picture "AUREUM SOMNIUM" (2023)

AUREUM SOMNIUM My GOLDEN DREAM (120x120x4) is one of the first works I started in 2023. Currently I love the gold leaf processing with my strong colors and figures. I have already made a similar painting, which is very done in my exhibition ART on Board in Constance. It is the total eye catcher. When painting the work has accompanied me my friend Alexa again with great carnival songs. Have fun with it. Your Uli from Lake Constance
