

## **KNÖ-REI: Picture "660-FO" (2025)**

**€1,200.00**

Passionate emotions meet the straightforwardness of geometry in this work, which was created from a landscape sketch. The abstract composition of minimalist shapes creates a dynamic interplay with the bright acrylic colors. The seemingly chaotic nature of the work brings an invigorating energy to any room. Constructive and sophisticated, the motif grows into a harmonious elegance without any interpretation of content. With every glance, it is intended to inspire the viewer and encourage them to dream. Through the use of various painting techniques, the works also have a haptic to spatial effect.
