

## Ute Meyer: Picture "Fuchsias and cranesbill" (2021)

€500.00

This watercolor was created on an August day at the open kitchen door of the painter. It shows a view of a pot with fuchsias on the terrace. The bold red/purple flowers of the fuchsia are accompanied by bright blue flowers from the cranesbill. There is an interesting contrast between soft color transitions and the clearly outlined shapes of the leaves. . The image carrier is 300gr handmade paper from Centenaire. The watercolor is mounted on a gray passe-partout cardboard measuring 50x40 cm. The signature is on the front right.
