

Heike Schumann: Picture "Ready for the challenge" (2022)

€1,800.00

The work "Ready for the challenge" was painted with high-quality acrylic paints on a canvas, dated and signed by the artist. It is an original work of art! Heike Schumann was inspired by a live modeling session in her studio on the Baltic Sea. Due to the three-dimensionality of the model, the approach is experimental and dynamic, making the picture very lively and abstract. At the same time, the work conveys a feeling of serenity and strength.
