

Marit Symalla: Picture "Viewpoint" (2022)

€580.00

I like to walk along the Spree River at our place. There is a small forest all around. Of course, almost every day we meet animals, especially the squirrel can often be observed. The acrylic painting was inspired by the little "goblins", in addition, I used for the template a beautiful photo of the talented country and wildlife photographer Mathias Münchau. The modern painting is hand-signed on the front and finished with a varnish.
