

Sabrina Seck: Picture "Audrey" (2022)

€2,500.00

Painted with acrylic on a wooden canvas. This consists of 100% wood and is built like a canvas mounted on a stretcher. Framing is not necessary. The work can be hung immediately. The surface has been covered with UV-resistant resin, but the edges have been left out. The resin layer leaves a wonderful shine, similar to a glass surface.
