

Sabrina Seck: Picture "alertness" (2024)

€5,200.00

In my work, I used bold acrylic colors to depict three majestic big cats in a vibrant, almost surreal way. The combination of abstract and realistic styles emphasizes the uniqueness and strength of each cat. The vibrant colors and dynamic splashes express energy and vitality that enliven any environment. Symbolizing the vigilant and powerful nature of big cats, this painting brings a captivating and energetic element to any space.
